## Background

My education and work experience have made me a specialist in the design of urban environments, with knowledge of architectural guidelines in urban development and sustainability for natural environments. I am proactive, responsible, and passionate about serving the community with a motivated attitude of learning and collaboration. Since 2012, starting in Mexico I developed in the area of Architecture under the construction company, as well as on my own projects such as: project budgets, topographical surveys, residential designs and project management. Since March 2017, in the United States I have worked as a carpenter for 8 years in both commercial and residential environments on projects that required full construction processes such as planning, surveying, permitting and executing the project as well as having the work inspected for correctness. I have learned important skills like: Teamwork, project management, and the residential codes here in the Sacramento and surrounding counties. I also worked at Costco company as a stocker in the produce department as well as other departments as needed. I currently work as a carpenter and specialize in remodeling.

## Skills

- Autocad, Photosho, Artlantis, Sketchup, Global Mapper, Neodata, Revit, 3ds Max, Microsoft Office.
- Collaboration and working well with others. Leadership and problem solving.
- Bilingual; English and Spanish

## Work Experience

- **Nix Construction Inc., Ibarra Construction** (Carpenter Framar/Gral. Construction) 2023-24
- **Costco Wholesale** (Stocker) 2023-23
- **Golden Key Construction Inc.** (Carpenter Framar) 2021-23
- **Unique Design Homes Inc.** (Carpenter Framar) 2019-20
- **Patriot, Timberworks Inc., Production Inc., Erickson Framing CA LLC, Advantage Construction Inc.** (Carpenter Framar) 2017-19
- **CCR INGENIEROS S.A DE CV.** 2016

Construction Resident (Building). Construction Resident (Civil), Estimations, work log.

- **ROCA S.A DE C.V (LA HUERTA, JAL.)** 2012-15

Project budgets, topographical surveys, residential designs and project management and design.
